Notes:

- On May 31, 2018, the Clean & Safe program adopted the counting methodology used by the Regional Task Force on the Homeless. Per the methodology, represented above by the dark green cells, Clean & Safe staff counts **1.75 individuals per visible tent/structure and 2.03 individuals per vehicle that shows clear signs of habitation**. The former methodology (shown in yellow) counted two individuals per tent and two individuals per vehicle.

- The **outreach area** outlined above refers to Connections Housing; an organization that provides interim and permanent housing for homeless who are referred from the target area of First Street to 10th Ave. and Cedar to Broadway. The outreach area data reflects the number of homeless found sleeping in this target area. It does not reflect the number of residents living at Connections Housing. Connections Housing opened in March of 2013. Data gathered prior to their opening is used for benchmarking purposes.

*Denotes months when the Downtown Fellowship of Ministries and Churches collaborated with the Clean & Safe program on the monthly homeless sleep count.

**East Village breakout areas include the following:

North East East Village refers to the area north of Market Street & east of Park Ave.

North West East Village refers to the area north of Market Street & west of Park Ave.

South East East Village refers to the area east of Park Ave. south of Market Street

South West East Village refers to the area west of Park Ave. south of Market Street
