Notes:

- On May 31, 2018, the Clean & Safe program adopted the counting methodology used by the Regional Task force on the Homeless. Per the methodology, represented above by the dark green cells, Clean & Safe staff counts 1.75 individuals per visible tent/structure and 2.03 individuals per vehicle that shows clear signs of habitation. The former methodology (shown in Yellow) counted two individuals per tent and two individuals per vehicle.

- The **outreach area** outlined above refers to Connections Housing; an organization that provides interim and permanent housing for homeless found sleeping in the target area of First Street to 10th Ave. & Cedar to Broadway. The outreach area data in this reports reflects the number of homeless found sleeping in this target area. It does not reflect the number of residents living in Connections Housing. Connections Housing opened March 2013. Data gathered prior to their opening is to be used for benchmarking.

* Denotes the months that The Downtown Fellowship of Ministries and Churches collaborated with us on the monthly homeless sleep count.

**East Village breakout areas include the following:

North East East Village is the area north of Market Street & east of Park Ave.

North West is the area north of Market Street & west of Park Ave.

South East is the area east of Park Ave. south of Market Street

South West is the area west of Park Ave. south of Market Street
