

SPONSORSHIP OPPORTUNITY

OVERVIEW

COVID-19 is changing the way we work, and connections are needed now more than ever. This fall, the Downtown San Diego Partnership is launching a virtual networking series aimed at providing members with the opportunity to stay connected and build relationships while learning about the latest projects, initiatives, and happenings in Downtown. Each networking session will open with a short presentation or featured speaker, then attendees will be assigned to breakout groups. Breakout groups will be limited to 12 individuals to encourage deeper discussion. These networking sessions are free to members of the Downtown San Diego Partnership and will take place once per quarter.
