CREATE THE FUTURE AWARDS

About the Foundation:

The Downtown San Diego Partnership Foundation is a 501(c)3 nonprofit dedicated to enhancing the community and fostering growth in Downtown through initiatives that improve both economic and social well-being. Since 2010, we've built strong partnerships with community leaders to expand outreach and connect individuals experiencing homelessness with housing and shelter services. As the primary contact for most unhoused individuals Downtown, our team leads outreach efforts, focusing on trust and one-on-one engagement to help people find stable housing. This year, through our Family Reunification Program, we helped over 500 individuals reconnect with family, bringing our total to more than 3,500 since the program began. Additionally, we connected 1,338 people to shelters and launched O Lot, a safe sleeping program that has supported over 200 individuals. While we recognize the ongoing challenges, strengthening community relationships remains essential to advancing our mission and continuing this critical work.
